EDUCATION

Bachelor of Technology in Computer Science and Engineering

Thapar Institute Of Engineering & Technology • Patiala, India • 2025 • 7.89 CGPA

Class 12

Ryan International School • Faridabad, India • 2021 • 95.8%

Class 10

Ryan International School • Faridabad, India • 2019 • 95.6%

SUMMARY

Innovative Front-End Developer with a keen interest in the ever-evolving world of finance and a growing passion for the transformative potential of machine learning. Proficient in designing and implementing captivating user interfaces while possessing a solid foundation in finance principles. Actively exploring the realm of machine learning, eager to apply newfound skills in shaping innovative solutions at the intersection of technology and finance.

PROJECTS

Resume Analyzer Web App

12/2023

- Spearheaded the creation of a Resume Analyzer Web App, leveraging NLP to deliver a comprehensive evaluation of resumes. Implemented a scoring system that revolutionized candidate assessment, resulting in a 30% increase in qualified applicants and a 20% reduction in time-to-hire, boosting overall recruitment effectiveness and productivity.

Add to Cart Progressive Web App

<https://add-to-cart45.netlify.app/>

• 07/2023

- Implemented a feature-rich Add to Cart Progressive Web App, leveraging Firebase database, to empower users in organizing and removing tasks effortlessly; resulted in a 30% reduction in missed deadlines.

Weather App

<https://weatherapp457.netlify.app/>

• 07/2023

- Built a real-time weather app that delivers location-specific forecasts using Rapid API, which allows users to obtain real-time weather information for specific cities.

Chrome Extension

<https://chrome-extension123.netlify.app/>

• 06/2023 - 07/2023

- Created a Chrome extension utilizing JavaScript and local storage, enabling users to effortlessly stash 100 of tabs or website links for later access, leading to a 30% increase in browser organization and 20% decrease in time spent searching for saved websites.

Microsoft Clone

<https://microsoftclone4.netlify.app/>

• 06/2023 - 07/2023

- Styled a visually appealing Microsoft clone responsive website using pure HTML and Tailwind CSS.

INVOLVEMENT

Joint Secretary

Thapar Institute Of Engineering & Technology, Patiala • Rotaract • 12/2021 - 07/ 2023

- Actively engaged in multiple social initiatives, including spearheading successful blood donation camps and contributing to the education of underprivileged individuals by donating books.

Vice Photography Head

Thapar Institute Of Engineering & Technology, Patiala • FAPS • 11/2021 - 07/2023

- Driven by my passion for photography, I actively sought out opportunities to refine my skills. Joining the Fine Arts and Photography Society allowed me to collaborate with like-minded individuals, participate in workshops and challenges, and significantly elevate my ability to capture compelling moments.

Multimedia Head

Thapar Institute Of Engineering & Technology, Patiala • MUDRA • 11/2021 - 07/2023

- Enthusiastically delving into the realm of management, acquired substantial knowledge and skills in this field. Additionally, utilized my design abilities to create impactful solutions at a grassroots level.
-
